

Proposal for Dash for Cash May 6, 2023

1. Can the Township have the transfer station stay open until 2:00pm

2. We are requesting the board consider allowing each resident to obtain a pass for this day to allow for dumping a truck load of items. (This would not include businesses) The pass would be good for May 6th only. When they come for the pass you could have a list of what cannot be dumped. Refrigerators, air conditioners etc.
 - a. This may help people pick up the trash in their yard
 - b. Many areas do this. I still own a house in Marquette and we can dump anything twice a week all summer long.
 - c. The resident wishing to dump would have to obtain their pass at the Township by May 1, 2023 allowing us time to contact North Country disposal on how many dumpsters we will possibly need. Only people with the pass will be able to dump their truck load. North Country Disposal told me last year they would work with us on pricing.
 - d. The planning commission is going to be looking closely at making changes to many ordinances starting in May. We would like to have a more comprehensive blight ordinance.
 - e. I realize this is not budgeted and will need a vote. Help the residents feel like they are getting something back from their township!
