**FIRE NUMBERS POLICY**

When a fire number is requested by a resident, the request will be given to the zoning administrator who will assign the fire number. Zoning administrator will notify the custodian of the number, who will purchase the necessary equipment. Zoning administrator will also notify the fire chief of the number, who will notify the resident. The resident will temporarily post their number at their property until the new sign arrives. The fire chief and custodian will install the permanent fire sign. A master list of fire numbers will be maintained by the zoning administrator.

If a sign is stolen or destroyed, the township will replace the sign at the resident's expense.

If a fire number for Ishpeming or Marquette township is required, the fire chief and custodian will install as per above and notify the township clerk. The cost is to be reported to the township clerk who will send a bill to the appropriate township.
