

Parks and Rec

April 14, 2026

The passport grant has been submitted. Now we wait until August to see if we receive the grant.

The Committee reluctantly accepted Kelli Santilli's resignation from the Parks and Rec. Alita Miller volunteered to become the secretary.

More planning is taking place for the Big Bay Relay. Volunteers are always needed and appreciated. There is a sign up online which is posted to the Parks and Rec Facebook.

Plans are also underway for the Draver Park Ribbon Cutting. Some of us met down at the park to look at the concession stand to see what the needs are for outfitting that. Jim Miller researched becoming licensed food professional.

All the parks seem to be thawing well. Coty has materials prepped for maintenance. We discussed staining and doing some preventative maintenance at Thomas Rock on the railings before weathering takes its toll. We have a registered account with Sign Up Genius, an online volunteer sign up site. We are going to try that out and see how it goes this year.

Concert Series: One band dropped out, so the posting for the series itself is on hold until that slot is filled.

Requests:

Approve Kelli Santilli's resignation from Parks and Rec Committee.

Approve \$675 from PTRN Operating Fund to buy signs/maps from Signs Now for PTRN.

Recognize the Parks and Recreation Committee as a non-profit organization for the purpose of obtaining a charitable gaming license. (see form attached) in order to requalify us to be able to apply for licenses to hold the raffles such as the Father's Day Meat Raffle, 50/50s, etc.
